

Prompt Image-1

A young male or female content creator sitting behind a modern laptop, wearing white over-ear headphones and a loose white shirt, leaning forward with both arms folded on a glossy reflective table, looking directly at the camera with a calm confident expression. Bright solid red studio background, professional softbox lighting, cinematic shadows, ultra-realistic skin texture, detailed curly hair, shallow depth of field, luxury editorial photography, high-end commercial photoshoot, reflection visible on the table surface, 85mm lens, f/1.8, 8K resolution, sharp focus, clean composition, modern creator workspace add my face and hair I upload a my image.

Prompt image-2

Ultra-realistic portrait of me sitting behind a modern silver laptop, wearing premium white over-ear headphones and an oversized white linen shirt. I am sitting upright with one hand supporting my chin and the other arm resting naturally on the table, looking directly into the camera with a calm, confident, and intelligent expression.

Bright solid red seamless studio background, glossy reflective red table surface creating realistic reflections, professional softbox lighting from the front, cinematic shadows cast on the background wall, luxury editorial photography style, highly detailed facial features, natural skin texture, sharp eyes, detailed curly hair, premium commercial photoshoot, minimalistic composition, shallow depth of field, vibrant colors, modern tech creator aesthetic, creator workspace, 85mm lens, f/1.8, ultra-realistic, photorealistic, HDR, 8K quality, magazine cover quality, centered composition, high-end fashion photography.

Background completely clean with no text, no logos, no watermark, no extra objects, only laptop and headphones visible.

video prompt:

REFERENCE:

Start Frame = First image (head resting on folded arms on the table)

End Frame = Second image (head supported by one hand, sitting upright)

VIDEO LENGTH: 60 seconds

STYLE: Realistic animated illustration

ASPECT RATIO: 16:9 Landscape

CAMERA: Locked camera, static shot

NO CAMERA MOVEMENT

NO ZOOM

NO PAN

NO SHAKE

NO CUTS

NO TRANSITIONS

ANIMATION RULES:

- Character remains in exactly the same seat and same location throughout the video.
- First 1 second: character is resting his head on folded arms on the desk.
- Between 1 and 2 seconds: slowly lifts upper body naturally and smoothly until reaching the final pose from the end frame.
- After reaching the end pose, remain in that position for the rest of the video.
- Maintain eye contact with camera.
- Natural blinking every few seconds.
- Subtle breathing animation in shoulders and chest.
- Realistic facial muscle movement.
- Accurate lip sync matching spoken dialogue.
- Small natural head movements while talking.
- Slight eyebrow movement during emphasis.
- Occasional soft smile.
- Realistic headphone cable physics.
- Laptop remains completely stationary.
- Hair has very subtle natural motion.
- Preserve exact face shape, hairstyle, beard, skin tone, and clothing.
- White shirt remains unchanged.
- Keep the same red background.
- Clean professional animation.
- No morphing.
- No warping.
- No body distortion.
- No extra fingers.
- No pose glitches.
- No floating objects.
- No sudden movements.

- No stylized effects.
- No cinematic transitions.
- No AI artifacts.
- High quality facial tracking.
- Natural human motion only.

SPEECH:

"Hi, I'm Leeshark. I'm a Full Stack Developer passionate about creating modern web applications and digital experiences. I enjoy turning ideas into real products using technologies like HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, Node.js, and MongoDB.

My journey in development started with curiosity, and over time it grew into a passion for building clean, responsive, and user-friendly applications. I love designing beautiful interfaces, developing scalable backend systems, and creating seamless user experiences.

I'm constantly learning new technologies, improving my problem-solving skills, and working on exciting projects that challenge me to grow as a developer.

My goal is to build innovative products that make a meaningful impact while continuing to evolve as a software engineer.

Thank you for visiting my portfolio. I'm excited to connect, collaborate, and create something amazing together."

QUALITY:

Ultra smooth animation.

Realistic mouth movement.

Professional self-introduction video.

Natural eye movement.

Natural breathing.

Consistent face identity.

16:9 landscape.

60 FPS appearance.

High detail.

preloader prompt :

Create a modern fullscreen React.js preloader component using Framer Motion.

Design Requirements:

- Fullscreen fixed overlay covering the entire viewport.
- Background color: solid bright red (#ff2a2a).
- Centered logo text: "Leeshark."
- Font should be bold, premium, black-weight typography with tight letter spacing.
- The preloader should feel like a luxury agency website loading screen.

Animation Sequence:

1. Display dark transparent text "Leeshark." in the center as the background layer.
2. Create a white foreground version of the same text positioned exactly above it.
3. Animate the foreground text from bottom to top using a water-fill effect.
4. Use clip-path animation so the white text gradually fills upward over 1.6 seconds.
5. Add smooth easing for a premium cinematic feel.
6. After the fill animation completes, wait briefly.
7. Animate the entire red screen upward like a shutter opening.
8. The preloader should slide completely off-screen to reveal the website.
9. During exit, slightly scale down and fade out the logo for extra polish.
10. Use AnimatePresence for clean mounting and unmounting.

Technical Requirements:

- React Functional Component.
- Framer Motion animations.
- Tailwind CSS styling.
- Responsive on mobile and desktop.
- High z-index (100000+).
- Smooth premium transitions similar to award-winning portfolio websites.
- Clean, optimized, production-ready code structure.

Visual Style:

- Minimalist.

- Luxury portfolio aesthetic.
- Smooth cinematic motion.
- No gradients.
- No extra graphics.
- Focus entirely on the animated text fill and shutter reveal effect.

Hero section:

Create a premium fullscreen Hero Section for a personal portfolio website using React.js, Tailwind CSS, Framer Motion/AOS animations.

Layout:

- Full viewport height (100vh).
- Background should be a full-screen video covering the entire section.
- Video remains paused initially and only starts playing when the user clicks a custom play button.
- Dark cinematic aesthetic with luxury portfolio styling.
- Responsive design for desktop, tablet, and mobile.

Left Content:

- Large bold heading:
"Hi, I'm a"
"Full Stack Developer"
- The "Full Stack Developer" text should have a transparent fill with a white/black outline stroke effect.
- Modern typography with tight spacing.
- Smooth fade-up animation on load.

Subheading:

- Short professional introduction.
- Focus on React.js, Node.js, Tailwind CSS, modern web applications, performance, and scalability.
- Clean readable text with subtle shadow.

Buttons:

1. Primary CTA
 - White background.
 - Black text.

- Rounded pill shape.
- Hover scale effect.
- Label: "View My Work"

2. Secondary CTA

- Glassmorphism design.
- Transparent dark background.
- White border.
- Backdrop blur effect.
- Label: "Contact Me"

Right Side:

- Large circular Play Reel button.
- Glassmorphism style.
- Semi-transparent dark background.
- White border.
- Hover effect:
 - Scale up.
 - Glow effect using red accent color (#ff2a2a).
 - Smooth transition.
- Button toggles between Play and Pause icons.
- Small uppercase label below:
"PLAY REEL" / "PAUSE"

Animations:

- Use AOS or Framer Motion.
- Staggered entrance animations.
- Fade-up for text and buttons.
- Zoom-in animation for play button.
- Smooth transitions throughout.

Scroll Indicator:

- Bottom center.
- Animated bouncing arrow.
- Minimal and elegant.
- Visible only on desktop.

Color Palette:

- Black background overlay.
- White typography.
- Red accent (#ff2a2a).
- Glassmorphism elements.
- Premium agency-style visuals.

Style Inspiration:

- Awwwards portfolio websites.
- Creative developer portfolios.
- Cinematic landing pages.
- Luxury personal brand websites.

Technical Requirements:

- React Functional Component.
- Tailwind CSS.
- Responsive Layout.
- Video background support.
- Custom video controls.
- Production-ready structure.
- Clean code architecture.

About section

Design a bold and creative "About Me" website section with a vibrant red (#FF2A2A) background and modern portfolio aesthetic.

Layout:

- Two-column responsive layout.
- Left side contains a hanging employee ID badge suspended from a black lanyard.
- Badge hangs from the top with a realistic strap and metal clip.
- Profile photo inside a dark gray card with rounded corners and slight tilt angle (-3 degrees).
- Premium shadow effects and subtle hover interaction.

- Card looks like a conference pass or developer ID card.

Right side:

- Large black heading saying "Hello!" in bold typography.
- Professional introduction paragraph in white and light red colors.
- Name highlighted in bold black uppercase letters.
- Clean spacing and modern editorial layout.

Technology Skills:

- Three large transparent technology logos displayed horizontally.
- React logo, Node.js logo, MongoDB logo.
- Floating effect and subtle hover scaling.
- High-quality PNG style with drop shadows.

Decorations:

- Abstract black star icons floating around the section.
- Soft pulse animation.
- Minimal but stylish visual elements.
- Clean negative space.

Bottom Divider:

- Large torn-paper SVG transition separating this section from the next section.
- Organic ripped paper effect.
- White color divider.

Style:

- Modern portfolio website.
- Creative developer branding.
- Premium UI/UX design.
- Flat colors, no gradients.
- Strong contrast.
- Clean typography.
- Dribbble-quality design.
- Behance showcase level.
- Responsive desktop and mobile layout.
- Cinematic lighting and depth.

- Full-width section.
- Professional full-stack developer portfolio aesthetic.

navbar section :

Design a modern floating portfolio website navbar for a Full Stack Developer personal brand.

Layout:

- Fixed navbar at the top of the page.
- Full-width responsive navigation.
- Transparent background initially.
- Smooth transition effects on scroll.
- Minimal, clean, and premium appearance.
- Large spacing between elements.

Left Side:

- Personal logo text "Leeshark."
- Bold typography.
- White text with a bright red accent dot.
- Modern developer branding style.

Center Navigation:

- Menu items:
 - Home
 - About
 - Skills
 - Projects
 - Contact
- Horizontal desktop layout.
- Elegant hover animations.
- Animated underline grows from left to right.
- Smooth color transitions.
- White text with subtle transparency.

Right Side:

- Rounded "Hire Me" CTA button.

- Glassmorphism design.
- Semi-transparent white background.
- Thin border.
- Blur effect.
- Soft glow on hover.
- Premium SaaS-style interaction.

Mobile Version:

- Modern hamburger menu icon.
- Full-width slide-down menu animation.
- Bright red mobile navigation panel.
- Large touch-friendly menu items.
- Smooth open/close transition.
- Modern mobile-first UX.
- Strong contrast and readability.

Visual Style:

- Red and black branding theme.
- High-end portfolio design.
- Apple-inspired smooth animations.
- Framer Motion style transitions.
- Glassmorphism effects.
- Clean spacing and typography.
- Professional developer portfolio aesthetic.
- Award-winning UI design.
- Dribbble featured quality.
- Behance showcase quality.

Effects:

- Sticky navigation.
- Dynamic navbar height adjustment on scroll.
- Smooth backdrop blur.
- Elegant hover interactions.
- Premium micro-animations.

- Modern web experience.

Color Palette:

- Primary Red: #FF2A2A
- White Text
- Black Accents
- Transparent Glass Elements

Output:

Ultra-detailed website navbar mockup, premium portfolio UI, cinematic lighting, realistic shadows, pixel-perfect spacing, responsive desktop and mobile design, modern SaaS aesthetics, 4K web design presentation.

service section :

Design a premium "How We Work" / "Process Timeline" section for a modern Full Stack Developer portfolio website.

Background:

- Clean white background.
- Subtle grid pattern using very light gray lines.
- Minimalist and premium appearance.
- Large vertical scrolling experience.

Header Section:

- Small rounded badge saying "How we work".
- Elegant border and soft shadow.
- Large bold headline:
"Let us show you how we drive your brand to new heights"
- Modern editorial typography.
- Supporting paragraph explaining the workflow process.
- Hand-drawn sketch arrow beside the heading.
- Creative startup aesthetic.

Main Timeline:

- A giant curved dashed line running through the entire section.
- SVG path design.
- Smooth organic S-curve.

- Black dashed stroke.
- Scroll-driven animation reveals the path progressively.
- Framer Motion style interaction.
- Line grows as the user scrolls.

Process Cards:

- Four large floating tag cards attached visually to the timeline.
- Inspired by hanging labels, luggage tags, conference badges, and sticky notes.
- Rounded corners (2rem radius).
- Hole punch detail at the top.
- Soft realistic shadows.
- Slight random rotations for natural appearance.

Card 01:

Title: Define

Position: Top right

Slight clockwise rotation

Card 02:

Title: Design

Position: Left side

Slight counter-clockwise rotation

Card 03:

Title: Build

Position: Right side

Slight clockwise rotation

Card 04:

Title: Launch

Position: Bottom left

Slight counter-clockwise rotation

Interactive Effects:

- As the animated timeline reaches each card, the card becomes active.
- Active card changes from white to bright red (#FF2A2A).
- Inner content receives darker red overlay.
- Glowing red shadow effect.
- Smooth color transition.
- Timeline visually activates each step.

Card Design:

- Large step number in italic serif typography.

- Bold modern heading.
- Supporting description text.
- Premium spacing.
- Minimal yet highly professional.

Animations:

- Fade left and fade right entrance effects.
- Scroll-triggered activation.
- Hover scale effect.
- Smooth spring physics.
- Framer Motion quality interactions.

Desktop Layout:

- Cards positioned alternately on left and right sides of the curved path.
- Spacious storytelling layout.
- Magazine-style composition.

Mobile Layout:

- Vertical center timeline.
- Cards stacked.
- Timeline remains animated.
- Fully responsive.

Bottom Section:

- Handwritten text:
"Ready to be delivered!"
- Slight rotation.
- Sketchbook aesthetic.

Style Reference:

- Linear.app
- Stripe
- Framer
- Apple
- Awwwards winning websites
- Modern SaaS landing pages

Color Palette:

- White background
- Black typography
- Light gray grid pattern
- Bright red #FF2A2A highlight
- Soft shadows

Output:

Award-winning web design, premium UX/UI, cinematic presentation, modern portfolio website, interactive process timeline, advanced scroll animation, Framer Motion effects, ultra-detailed 4K website mockup, Dribbble featured quality, Awwwards level design.

footer section :

Design a premium modern portfolio website footer for a creative Full Stack Developer and Digital Creator.

Overall Style:

- Dark black background (#111111).
- Minimalist luxury aesthetic.
- Editorial typography.
- High-end agency portfolio feel.
- Large breathing spaces.
- Monochrome design with subtle white accents.
- Inspired by Awwwards, Framer, Apple, and luxury creative studios.

Layout:

- Full-width footer.
- Minimum height: 50vh.
- Three major sections:
 1. Top Information Grid
 2. Giant Branding Text
 3. Bottom Contact Grid

Top Section:

Three-column responsive layout.

Left Column:

- Creative service descriptions.

- Cinematic Production
- Motion Graphics
- Web Development
- UI/UX Design
- Small uppercase typography.
- Monospace font.
- Large letter spacing.

Center Column:

- Experience showcase.
- Example:
"5+ Years of Experience"
- Underlined "View Work" link.
- Elegant hover effect.

Right Column:

- Availability status.
- Example:
"Available Worldwide"
- Current year.
- Minimal clean alignment.

Center Hero Branding:

- Massive typography centerpiece.
- Text: "leeshark"
- Occupies most of the footer width.
- Light gray / off-white color.
- Lowercase styling.
- Ultra-bold font weight.
- Tight letter spacing.
- Clean modern typography.
- Editorial magazine aesthetic.
- Acts as a visual signature.

Interactive Effects:

- Huge text slowly reveals on scroll.

- Smooth hover glow.
- Luxury motion effects.
- Subtle parallax movement.
- Premium micro-interactions.

Bottom Section:

Three-column layout.

Left:

- Contact link.
- Copyright information.
- Small muted typography.
- Built with React mention.

Center:

- Email address.
- Underlined modern link.
- Clean hover animation.

Right:

- Privacy Policy link.
- Minimal style.
- Elegant interaction.

Typography:

- Monospace for metadata and labels.
- Modern sans-serif for branding text.
- Wide tracking.
- Editorial spacing.

Color Palette:

- Background: #111111
- Primary Text: #F4F4F4
- Secondary Text: #D4D4D4
- Muted Text: `rgba(255, 255, 255, 0.6)`
- Hover State: Pure White

Animation Style:

- Smooth Framer Motion transitions.

- Text fade-up effects.
- Underline slide animation.
- Magnetic hover interactions.
- Luxury portfolio feel.

Design Inspiration:

- Framer
- Linear
- Apple
- Studio Freight
- Locomotive
- Awwwards winning portfolios

Output:

Ultra-premium footer UI, cinematic presentation, luxury creative agency website, modern developer portfolio, minimalist dark theme, pixel-perfect spacing, responsive desktop and mobile design, 4K website mockup, Dribbble featured quality, Awwwards-level craftsmanship.
